Chief Pozzo,

Things are not looking very well here at sta. 10. Lucketts Vol. Fire Co..

Our staffing for nite time is getting to be slim to none. It seems we cannot get a full crew out and sometimes no crew at all. And I personally will not go out of our 1st. due area with driver only. At least in our area we have the Amb. crew to follow and assist us when we get on the scene.

I don't know what the solution is, But it's not fair nor safe to 2nd and 3rd due areas when we can't get a staffed pc. out of station. We talked about maybe getting 1 more person for nite time and they would take first call as needed, I don't know of any other solution at this time.

We have a meeting on Wed nite at 19:30 hrs If you or a B C might be willing to come and discuss some options.

We at Sta 10 are looking for a temp solution until Aug. and I hope from what I here about the class dropping off that we are still in for staffing.

Thanks,
James Hobbie
President L.V.F.Co. 10
